Message from the Superintendent

With the arrival of February, students at Crestview and other schools throughout the county are busy preparing for the state mandated tests. Although in recent months there has been many questions raised about standardized testing program, student assessment remains at the very heart of education. Teachers use test scores to gauge how well students understand the content of their lessons and to determine student's strengths and weaknesses. Parents can use test scores to help determine if their child is ready for the next grade level or if the child may need some additional help or remediation. The results from standardized tests provide the community with information about how schools are performing. Student test scores are now the foundation of Ohio's A-F school and district report cards. In recent years, state mandated testing are also used as a basis for teacher evaluation.

Although standardized testing is the core of our student assessment and represents a commitment to higher academic standards and district accountability, I understand the apprehension and stress testing can cause students and parents. I assure you that both teachers and administrators at Crestview strive to provide a testing environment that is relaxed while at the same time encouraging students to do their very best on each of their tests. If you have specific questions about the specific grade level test for your child, please contact the building principal.

Federal and state law requires all districts and schools to test all students in specific grades and courses. Failure to administer the test could result in severe consequences for students, teachers administrators and the district. Specifically, according to Ohio Revised Code 3317.03 and 3314.08 a failure to administer the tests would result in a loss of funding for the district. Crestview is very proud of our student's rich tradition of academic achievement. It is our goal to continue to work with our parents and our community to provide the best possible education for all of our children. We look forward to continuing to keep Crestview Schools *the heart of our community!*

OGT TEST WEEK MARCH 16-20, 2015

- The high school only will operate under a 2-Hour delay schedule during the week of March 16-20 for STUDENTS NOT TAKING the OGT TEST. THIS SCHEDULE IS ONLY FOR HIGH SCHOOL STUDENTS.
- Buses will run at the regular times.
- Students who are not involved in the testing will be permitted to arrive to school on the two hour delay schedule with a signed permission slip from their parent or guardian.
- All sophomores, juniors or seniors needing to take the OGT and other students who need to use bus transportation will arrive on the buses at the regular time.
- Students taking the OGT test will be assigned to classrooms with teachers proctoring tests, bells will be off.
- Students not taking the test who must ride the bus will be provided alternative, supervised activities (which includes tutoring) for the two-hour time period.
- At the end of the two hour test block, the school will operate on the established delay schedule.
- All students will have the opportunity to be in every class period during the week.

Students must pass the OGT test in order to receive a high school diploma in the state of Ohio. The altered school schedule will provide a quiet setting for students. They will be encouraged to take their time and concentrate without the disruption of bells or other students in the hallway.

The importance we place on this test and our encouragement for positive student achievement will transfer into better test scores for our students. Students who are behind in their class work or need extra help with assignments should take advantage of the 2 hour tutoring time available during the week of March 16-20, 2015. Students who are not taking the OGT test can come to school at the regular time for the opportunity to catch up on class work, labs and tests or to receive tutoring. It is an excellent time for students to focus on success in their classes.

Cold Weather Tip #1—Keep Reading!

One of the best things that your child can do on a snowy, cold winter day is to read, read, read! Everyone knows that we have missed quite a bit of school this year due to the winter weather, but we can keep our students on track by encouraging them to read for pleasure each day. This will pay off for your child in the present, as they collect Accelerated Reader points for prizes, and in the future, as they become successful learners.

Hosts Family Needed Exchange Students

The Rotary Club of Salem Ohio is searching for a Host Family for an incoming exchange student for the 2015-2016 school year. The exchange students are between 15 and 18 years of age and may come from Europe, South American or Asia. If you have teenage children, the extra living space and financial ability to add a member to your family for several months, consider becoming a Host Family. The exchange student will arrive in August and remain for the 2015-2016 school year. Rotary suggests that the exchange student live with two or more host families during their visit to the U.S. the length of time each Host Family provides for the exchange student is negotiable (usually at least 3 months.) This is a wonderful experience not only for the exchange student but also for the entire host family. It provides an insight to another culture and many families bond with their exchange student and become friends for life. Please contact William Dawes at WilliamD@FairwayMC.com or (330) 207-5707 for additional information.

Save The Date !!! Witness History - Remembering Emmitt Till

When fourteen-year-old Emmett Till left Chicago to visit family in 1955, no one ever thought he wouldn't come home. Although Till fell victim to the rules of a society characterized by prejudice and hate, his death was not in vain. Till's death was the event that sparked the most important movement in our nation's history. The Crestview Local School District will be hosting cousins of Emmett Till, Wheeler Parker and Simeon Wright, author of Simeon's Story. The Traveling Emmett Till Exhibit will also be on display. This event is free and open to the public on Thursday, March 26, 2015.

If you have any questions, please contact Jackie Mercer at (330) 482-4744 or jmercer@crestviewlocal.k12.oh.us.
